

Together On Mission

Gulf Coast Community Church has been committed to reaching the University of South Florida, St Pete campus since 2011. We believe reaching the local college campus is vital as we seek to be a faithful gospel witness for this generation and the next.

Our campus ministry, CoMission, needs a campus minister who will model what it means to follow Jesus on the campus, support students to grow as disciples of Jesus, and mobilize them to saturate the world with the good news, justice, and beauty of Jesus.

POSITION: College Outreach Minister at the University of South Florida, St Petersburg Campus

College Outreach Minister - University of South Florida, St. Petersburg Campus

Job Profile

A person who loves Jesus, college students, and is gifted and equipped for evangelism and discipleship ministry. This person needs vision to grow a college ministry. A proactive self starter who embraces challenge, is highly adaptive, humble, and innovative. Must be aligned with a college ministry philosophy that is rooted in the local church, yet firmly planted on the campus to reach the campus. Someone who sees discipleship as bringing people into their life, mission as incarnational presence, and understands the need to equip others to do the work of the ministry. This person should have a mindset of supporting students to be missionaries to their campus. Someone who works well with others and values the strength of a team over self. Our desire is to have one man and one woman to collaborate with each other as they serve, equip, and send students.

Hours

45 hrs./wk. Evening and weekend availability.

Compensation

- Support raised with 1/3 committed from GCCC (\$12k). \$36k/yr starting salary (with option to increase based on need). Compensation for this position is a combination of raising support with a base commitment from GCCC. We will provide proven-and-tested training on how to raise support and can connect with many individuals in our congregation and immediate area that have historically given to CoMission.
- Due to the small size of our staff, we don't have group plans for medical insurance and retirement. Instead, we individualize it to each staff member's specific needs. Room for this is built into the support raising and budget in such a way that helps the individuals in the roles, their family, and their ministry thrive.
- Housing in our area can be a challenge. We have multiple people in the congregation that have Airbnb on their property. We can help secure temporary housing for immediate arrival as well as figure out a long-term solution that works well for the people in these roles.
